

The United Way of Rockingham County has opened its Emergency Crisis Fund to assist our agencies with their individual COVID 19 responses. This fund will be used solely for this purpose with 0% fees. This means that 100% of every donated dollar will go to our partnering agencies responding to this crisis.

Donations may be made at any ROCKINGHAM COUNTY BB&T location or on our website www.uwrockingham.org through the DONATE NOW button – please use COVID 19 at the end of your last name

You can find a listing of those agencies and their programs and services on our website www.uwrockingham.org
